

Sports Premium Action Plan 2021 - 2022

Our overall aim is that, 'Every child at Heathlands will enjoy increased participation in a range of sporting activities and understand the importance of a healthy lifestyle.'

Our curriculum will give children the opportunity to become more confident with their fine and gross motor skills and be able to apply these to a range of different activities. The benefits of physical activity not only on a child's physical health but their mental health is vitally important. We want every child to have fun in PE and be confident in expressing their unique talents. At Heathlands we will support children's wellbeing and self-esteem, providing provision that results in children developing other key skills in areas such as communication, leadership and teamwork. At Heathlands we want children to develop these skills in individual and team sports, developing knowledge and experience that they can use and apply beyond their primary school education. Through registering with different organisations, we will give children the opportunity to compete against other children of the same age, from different schools and backgrounds but also against each other at our annual sports day celebration.

Sports Premium allocation

The total amount of sports premium for Heathlands Primary Academy is £19,560

Due to the COVID 19 pandemic there was a surplus last year of £2730.

That means the sports premium for 2021- 2022 is £22,290. This Action plan is dependent on local and national government COVID 19 restrictions.

It is important that your grant is used effectively and based on school need. The [Education Inspection Framework](#) (Ofsted 2019 p64) makes clear there will be a focus on **‘whether leaders and those responsible for governors all understand their respective roles and perform these in a way that enhances the effectiveness of the school’**.

Under the [Quality of Education criteria](#) (p41) inspectors consider the extent to which schools can articulate their curriculum (INTENT), construct their curriculum (IMPLEMENTATION) and demonstrate the outcomes which result (IMPACT).

To assist schools with common transferable language this template has been developed to utilise the same three headings which should make your plans easily transferable between working documents.

Schools must use the funding to make **additional and sustainable** improvements to the quality of Physical Education, School Sport and Physical Activity (PESSPA) they offer. This means that you should use the Primary PE and Sport Premium to:

- Develop or add to the PESSPA activities that your school already offer
- Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

Please visit gov.uk for the revised DfE guidance including the 5 key indicators across which schools should demonstrate an improvement. This document will help you to review your provision and to report your spend. DfE encourages schools to use this template as an effective way of meeting the reporting requirements of the Primary PE and Sport Premium.

We recommend you start by reflecting on the impact of current provision and reviewing the previous spend.

Schools are required to [publish details](#) of how they spend this funding as well as on the impact it has on pupils’ PE and sport participation and attainment by the end of the summer term or by **31st July 2021** at the latest.

We recommend regularly updating the table and publishing it on your website throughout the year. This evidences your ongoing self-evaluation of how you are using the funding to secure maximum, sustainable impact. Final copy must be posted on your website by the end of the academic year and no later than the 31st July 2020. To see an example of how to complete the table please click [HERE](#).

Support for review and reflection - considering the 5 key indicators from DfE, what development needs are a priority for your setting and your pupils now and why? Use the space below to reflect on previous spend and key achievements and areas for development.
