**SCIENCE**

**There is a PowerPoint presentation that goes with today's science lesson. If you click on the sound icon it will talk you through the lesson. You will need the home learning sheets.**

Compare the gestation period of mammals. Read the information and complete the chart. Use this information to complete the graph. Answer the questions.

**TUESDAY**

<p><b>Reading</b> Don't forget to record this in your diary.</p>	<p><b>English</b> SPAG- Complete the second SPAG mat, which focuses on Year 5 skills. Live lesson- adverbial phrases and fronted adverbials to open descriptive sentences. <a href="#">To explore the functions of fronted adverbials (thenational.academy)</a> <b>English:</b> <b><u>WALT: Explore fronted adverbials and similes to describe a setting.</u></b> Work through the worksheet</p>	<p><b>Guided Reading</b> Comparison of life cycles- Year 5 Living things comprehension  Read through the text and answer the VIPERS questions.</p>	<p><b>Maths</b> Watch the video below (Also on Seesaw) and complete the worksheet. <a href="https://vimeo.com/477525533">https://vimeo.com/477525533</a> <b>Perimeter on a grid.</b></p>	<p>TT Rockstars and Prodigy</p>
--	--	--	--	---------------------------------

**TOPIC**

**Geography**

Locate Egypt on a world map. Use online maps and other information sources to describe Egypt's landscape, surrounding countries and seas, climate, and significant geographical features, such as the River Nile. Locate important places, such as Cairo, Giza and the Valley of the Kings, where Tutankhamun's tomb was found. Make a sketch or digital map of Egypt, mark its significant features and add a key for reference.

**Egypt, at the northeast corner of Africa on the Mediterranean Sea, is bordered on the west by Libya, on the south by the Sudan, and on the east by the Red Sea and Israel.**
